

Jumbo Strawberry Block

Instructions with photos for a smaller block are found at:

[Skyberrieshandmade.blogspot.ca/2014/08/strawberry-block-tutorial.html](http://skyberrieshandmade.blogspot.ca/2014/08/strawberry-block-tutorial.html)

Kit for 1 Strawberry Block includes:

6 Inch Squares for Half Square Triangles:	5 Inch Squares:
4 Green Squares (2 Green A & 2 Green B)	2 Green Squares
3 Red / Pink / Purple Squares	17 Red / Pink / Purple Squares
5 White Squares	4 White Squares

Add 4 – WOF x 2.5 inch strips from your stash to surround the block and make a 27”x 36” block

1. Count all squares in your kit and divide into block sizes (5 inch and 6 inch).
2. Using the 6 inch squares make the following Half Square Triangles (HST) and square each to 5”:
 - a. Green and White:
 - i. Create 2 Green/White HST by sewing one Green (Green A) 6 inch square and one White 6 inch square together as shown for HST. Square each HST to 5”.
 - ii. Repeat with a different Green/White combination (Green B).
 - iii. You should have a total of 4 Green/White HST blocks at 5 inches each.
 - b. Green and Green:
 - i. Create 2 Green/Green HST by sewing one Green (Green A) 6 inch square and a different Green (Green B) 6 inch square together as shown for HST. Square each HST to 5 inches.
 - c. Red and White:
 - i. Using the same method sew one Red 6 inch square and one White 6 inch square together to create 2 HST. Square to 5 inches.
 - ii. Repeat so you have a total of 6 Red/White HST.
3. Layout the blocks as shown. The strawberry will be scrappy.
4. Check that all blocks measure 5 inches before sewing together.
5. Assemble the block as shown in the diagram, using a ¼ inch seam allowance. Press seams to nest and reduce bulk.
6. Block should measure 23” x 32”
7. Cut 4 – 2.5” x WOF strips and add as a border to the outside edges of the block using a ¼” seam allowance to create a finished block of 27” x 36”.

How to make a Half Square Triangle:
