

FOUR CHOICES

Materials: Three 8" squares of each of two fabrics, plus binding & backing fabrics. Place two contrasting 8" squares right sides together. Mark an X diagonally across the lighter coloured block. Stitch $\frac{1}{4}$ " each side of the two marked diagonal lines. Cut into 8 segments by first cutting across the centre in each direction (like a plus sign), and then cutting on the two marked lines. Repeat for the other two pairs of squares. Square the resulting 24 half square triangles up to $3\frac{1}{2}$ " if necessary. (If they are accurate and all the same size, this step can be eliminated.) Lay out according to the diagram. Additional layouts are given in the pattern here: <http://www.wilmingtonprints.com/projects/gems-jewels-crystals-tumblers-project> Layer, quilt and bind.
