

GEESE ON THE FENCE

Fabric:

(18) 2 ½" x 6 ½" strips of coordinating fabrics

(8) 3" squares for the accent "geese"

Sew together 3 of the strips for one 6 ½" rail fence block. Make 6. Mark a diagonal line across each of the 3" squares. Lay out the blocks as desired using the picture as a guide. Place the accent squares in the corners of the blocks as pictured, making sure that the marked diagonal stitching lines are oriented properly. Stitch on the marked lines and cut away the excess fabric underneath. Press adjacent corner seams in opposite direction. Assemble top using the picture as a reference. Layer, quilt, label and bind.
