

THREE DUDES 5 STRIP MAGIC

(5) 2 ½" strips x 22"

(1) 2 ½" x WOF for sashing

Sew together the five 22" strips, alternating colours. Press seams to one side. Measure the width in the shorter direction (~10 ½"). Cut two squares from the strip set using the above width. Layer the two squares RST in opposite directions (perpendicular to each other). Stitch around all four sides. Cut twice diagonally from corner to corner while keeping the block in place. Open blocks and press new seams toward the pieces with no seams. Lay out two pairs of blocks and join. Add three 2 ½" wide sashing strips between the pairs of blocks as shown and sew, being careful not to stretch the bias edges. Layer, quilt, add label and bind.
